

Structures | Architecture | Urban | Public Realm

WEB danielclancy.net

With 18+ years of drafting and design experience since 2008, I've worked with prominent firms such as GHD, Urbis, and PLACE Laboratory on a broad spectrum of projects spanning structural, architectural, urban, landscape, and defence disciplines. My advanced proficiency in Revit, AutoCAD and other software has enabled me to contribute precision and creativity to endeavors like expansive urban redevelopments, intricate infrastructure enhancements, and strategically vital defence installations. This diverse background underscores my ability to adapt and excel across multiple sectors

EMPLOYMENT HISTORY

ENTRIES 06-09 / EARLIER EXPERIENCE AND PRODUCTION CAPABILITY

06

PLACE LABORATORY

Draftsman

PERTH, WA — JANUARY 2017 - JANUARY 2018

Supported landscape architects on public realm and urban design projects. Produced CAD drawings, diagrams and illustrative plans for plazas, streetscapes and campus environments with a focus on walkable, engaging public spaces.

07

URBIS PTY LTD

Drafting Technician

PERTH, WA — AUGUST 2014 - JUNE 2015

Provided drafting support on urban planning and development projects, preparing plans and figures for masterplans, rezoning and development applications across Australia.

08

ACCE PTY LTD

Structural Draftsman

COMO, WA — JANUARY 2012 - MARCH 2014

Produced structural CAD documentation for residential, commercial, industrial and institutional buildings. Coordinated with engineers to deliver accurate framing plans, sections and connection details.

09

GHD PTY LTD

Draftsman

GERALDTON & PERTH, WA — AUGUST 2008 - NOVEMBER 2011

Contributed drafting to multidisciplinary projects in property and buildings, water, and transportation. Prepared drawings and figures for civil and structural works as part of large consultant teams.
